

Curriculum Vitae of the machine Reference number: 23003

ABG DIGICON SERIES 2 modular finishing machine for roll digital printing machines

Production Year: 2009
Number of Colours: 1

Availability: immediately

Work Experiences: full-surface coating,
material from 190 - 333
mm and thickness from
100 - 300 microns

Sale Reason: purchase of a new
machine

Condition of the Machine: functional, condition and
wear and tear according
to its age, well
maintained
still in production

Disclaimer: The Condition of the
Machine assessment
presented in this CV was
either obtained from the
last machine operator or
is based on an
inspection performed by
our employee, just to
provide you with as
much information as
possible.
For more certainty we
recommend your own
check or an assessment
of an independent
mechanic. We cannot
provide you with any
machine guarantee.
