

Curriculum Vitae of the machine Reference number: 14504

SUPERKALANDR

Paper Making Machine

Production Year: 1935
Max. Size/Width: 2170 mm (85.4")

Availability: immediately

Work Experiences: 10 rollers machinery used to achieve high smoothness of paper and cardboard.

Sale Reason: production reduction

Condition of the Machine: good condition, fully functional still in production

Refurbishments: reconditioning in 1986 by Papcel Litovel
new steel rollers
central lubrication
new unwinding
new winder
modernization of main drive
new motors including gears

Disclaimer: The Condition of the Machine assessment presented in this CV was either obtained from the last machine operator or is based on an inspection performed by our employee, just to provide you with as much information as possible. For more certainty we recommend your own check or an assessment of an independent mechanic. We cannot provide you with any machine guarantee.

More Details:

paper and cardboard from 80 to 250 gsm
infeed speed 10 m/min
production speed 30-250 m/min
roller widths 2800 mm
maximum paper tension 0.5 kN/m
production air pressure 0.6 MPa
steel roller diameters 500, 283, 248, 335, 448 mm five paper rollers diameter 420 mm
